

Stephan Marshall
Businessman/Realtor

From my early days as a child in our community, public service has been an important part of my life. I spent several years on San Bruno's Parks and Rec Commission. I am a Board member and two-term President of non-profit, Star-Vista. I am a member and two-time President of the Rotary Club of San Bruno. I served two terms as St Robert's School Board President. San Bruno's budget crisis continues with no long-term planning while our current leadership spends frivolously - ignoring significant infrastructure issues. I am no longer accepting the things I cannot change; I am changing the things I cannot accept. As a successful small business owner, I have the financial experience to lead this city in the right direction. When working to improve our community for the future, it is essential to create a respectful, collaborative environment between all parties. Listen first and execute a commonsense approach has always been one of the fundamental principles of my leadership style.
